

SOLDERING IRON MITSU 60W

Product description

Features:

- Easy to use and clean.

Specifications:

- Model: 60W
- Material: rubber handle electric soldering iron
- Phase number: 2
- Input voltage: 220 (V)

- Current: AC
- Temperature Range: 400 degrees Celsius
- Welding Nozzle and Grounding Impedance: 200 Ohms
- Welding Nozzle and Grounding Voltage: 1 (mV)
- Standard soldering head: 1
- Soldering head temperature: 400 degrees Celsius
- Driving Form: Electric Heating
- Power Form: Resistance Heating
- Colour: black
- Package included: 1X electric soldering iron
