Pt100 ceramic 3*25mm

MOQ: 100PCS

All sizes available

Sample available

Model: 3*25mm Brand: MICC

1. broad application temperature range: -50°C to $+650^{\circ}\text{C}$
2. nominal resistance value at 0°C : 100Ω
3. available tcr: 0.00385
4. standard accuracy: Iec751 and din43760
5. linear relationship between resistance and temperature
6. microprocessor-based sensor capability
7. fast response, reliability, accuracy, stability, interchangeability
8. exceptional endurance to shock and vibration.

Serial NO.	Nominal OHM at 0°C	Size	TCR (ALPHA) PPM/°C	Tolerance OHM at 0°C	Tolerance
C-3025	100	3*25mm	3850	±0.05Ω	±0.3°C
